EXPERIENCE

Over 15 years in the motion picture industry. I started as a teenager and a few years later, I had the opportunity of working on films like "COCOON", "HAVANA", "LAST OF THE MOHICANS", "CAPE FEAR", "GREAT EXPECTATIONS", "THE TRUMAN SHOW", "UNDER SIEGE", "THE SPECIALIST", "RANDOM HEARTS", and many more. I had the pleasure of working with six Academy Award Winning cinematographers with a wide contrast in lighting styles, lens selections and camera moves. It has been an invaluable hand's on learning experience with some of the best cinematographers in the industry.
